Product Code: FRONT Product Color: _____ Quantity: _____

Due to the inherent nature of sublimation and heat transfer, we will do our best to match your requested imprint colors and the sublimation may vary slightly due to color tolerances. 100% perfect match.

For sublimation colors, there will be a difference in design presentation when using percentages of print reproduction. These reproductions may include color tolerances, within color and saturation.

The quality and clarity of any and every graphic submitted for printing is the responsibility of the client. Please ensure that the graphics submitted are of the highest quality and that the product is included on the front and back of the printed sublimation.
